Survivor Care

We have partnered with Harrison College through Strategies for Success. This 7-week scholarship program provides survivors with the opportunity to discern vocation and meet valuable resources, preparing them for what's next.

Collaborate

We love Columbus and desire to see united efforts in our city. We have chosen to partner with organizations by providing connections between existing resources, training volunteers and offering workforce development for the individuals they serve.

Educate

We hold quarterly classes that offer a framework to understand human trafficking and serve survivors. Training focuses on defining human trafficking, needs of survivors, and getting connected with the cause.
